FOLDING ARM AWNINGS

OUR FOLDING ARM AWNINGS INCORPORATED INNOVATIVE NEW DESIGNS, REFLECTING TODAY'S DEMANDS FOR FUNCTION, DESIGN AND CONSTRUCTION, THESE AWNINGS ARE DISCREET, TIMELESS DESIGNS THAT FIT SEAMLESSLY IN EVERY SETTING, AND CAN BE NEATLY ROLLED AWAY WHEN NOT IN USE

Features & Benefits

Retractable awnings are like adding a room to your house without any construction costs....
no general contractor or architect is needed.
in addition retractable awnings are also significantly less expensive than permanent construction.
retractable awnings give you the option of shade or sun.
they can be retracted on cloudy days to increase interior room brightness, and in winter months, can be retracted to allow sun in to the house or office, keeping it warm and cozy inside, plus, when the lateral arm retractable awnings open, they greatly reduce glare and ultraviolet rays but never your view.

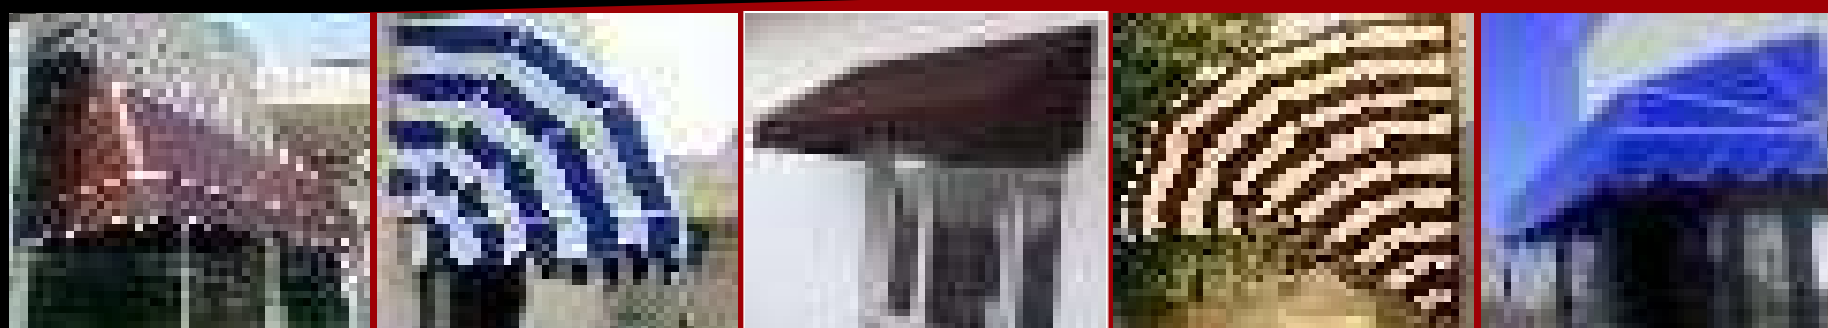

Operation

Crank operated(Gearbox) as standard, can also be motorised with optional Sun & Wind sensor options.

"The Ultimate sun control Solution"
Sun when you want it.....
Shade when you need it.

FIXED WINDOW & DOOR AWNINGS

Helps lower your air conditioning bill

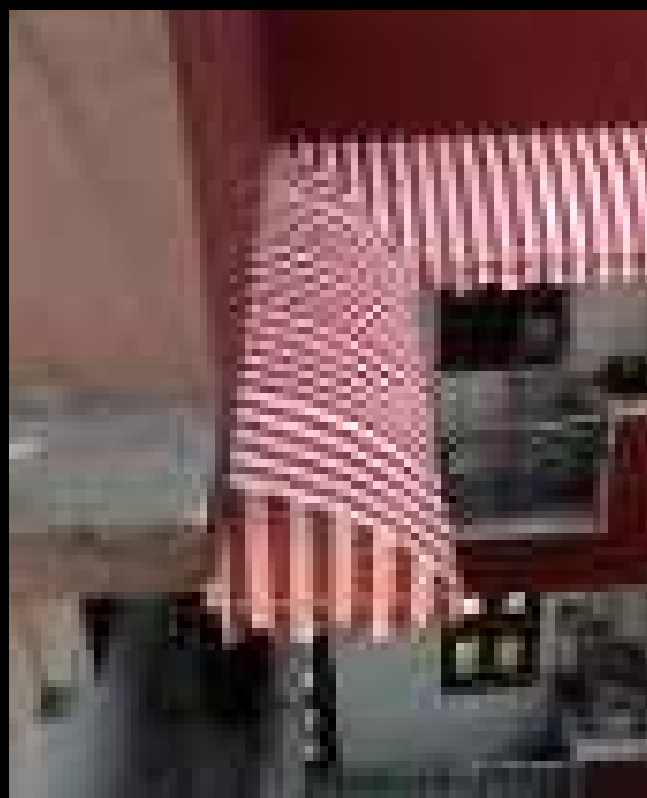

BY SHADING WINDOWS AND GLASS DOORS FROM DIRECT SUNLIGHT

DESCRIPTION

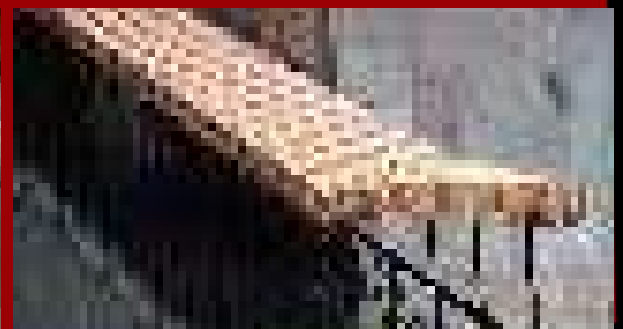

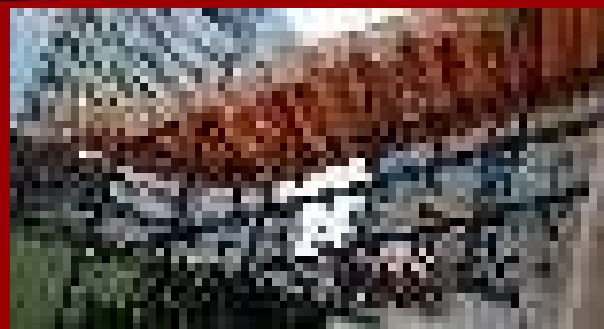

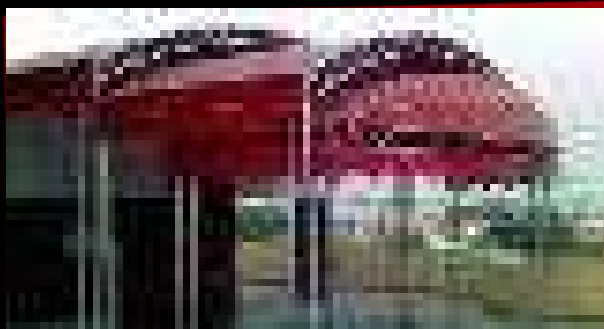

Doors and window awnings are useful to create shade and save on air conditioning costs. Made with a welded MS frame, they can be covered with more than 100 acrylic fabrics of different colors and patterns. It is therefore quite simple to match your doors and windows awnings with any other awning such as a fixed or retractable awning. Our dozens of available models also give you unlimited design options that will be compatible with your type of windows.

Features & Benefits

A fixed awning is an architectural projection that provides weather protection, identity or decoration and is wholly supported by the building to which it is attached. Our fixed awnings are made of MS tube steel over which a rigid covering, typically fabric, is attached. We use only the finest awning fabrics.

WALKWAY AWNINGS

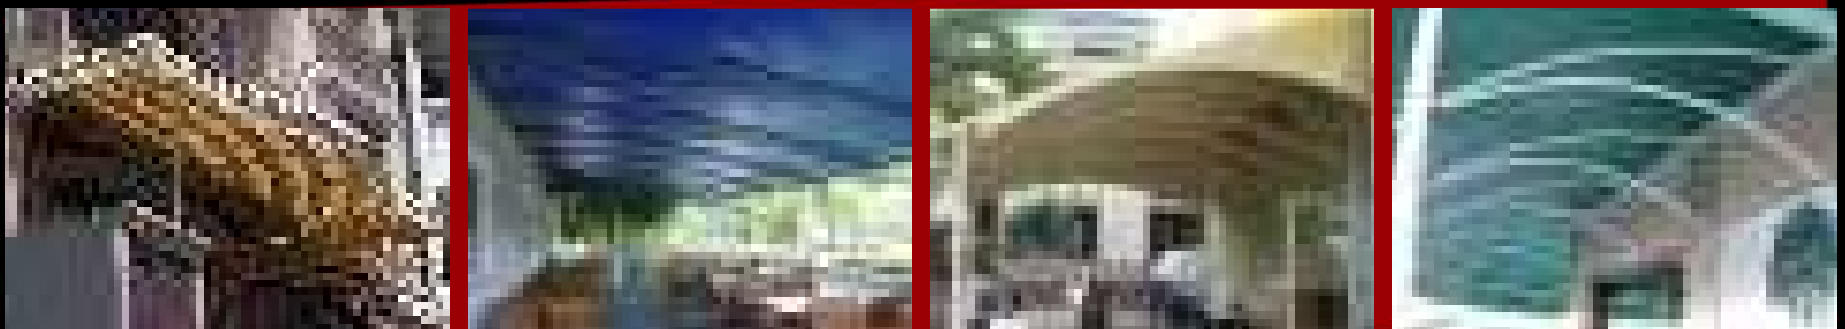

Advantages of Walkway Awnings

Walkways. Install walkway covers or entry canopies to keep your arriving and departing guests dry. Walkway canopy covers come in many fabrics or aluminum, MS frame can be fireproof and repel rain and sun.

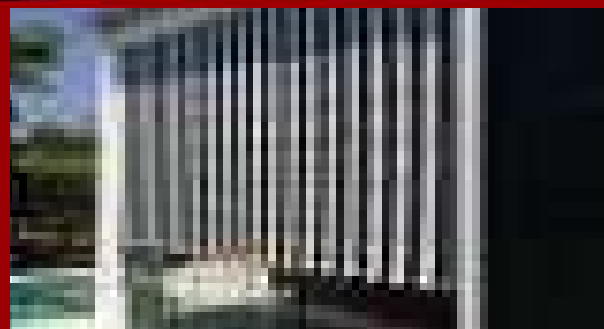

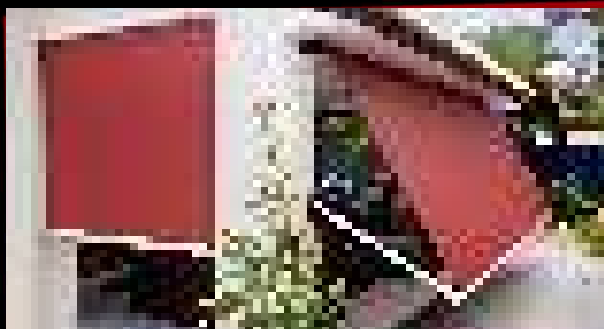

FIXED AWNINGS

An awning or overhang is a secondary covering attached to the exterior wall of a building. It is typically composed of canvas woven of acrylic, PVC Coted fabric that is stretched tightly over a light structure of aluminum, iron or steel, ... Previously, most awnings had fixed frames-the primary way to retract the ...

DROP AWNINGS

Advantages of Drop Awnings

Weather protection
Protect your indoor furnishings
Beautify your home
Helps lower your air conditioning bill

vertical awning & vertical drop arms awnings not only boost up the gaze, but also make your interiors cooler by plunging heat inside the rooms by up to 77% and control the amount of sunlight that enters your home or office with stylish blinds and shades.

Drop Arm Awnings, which is the simplest form of awning and can be used as a temporary or as permanent covering solution. This type of awning is highly portable in nature and consists of roller tube, gear box, fabric and two non folding arms to support fall bar. These Drop Arm Awnings guarantee excellent protection from sun shade.
